How To Use This Bundle

Each prompt below is written to be copy-pasted directly into your favourite AI image generator. Replace anything in [square brackets] with your own idea, keep the rest of the structure as-is for best results, and always generate a few variations to pick the strongest one.

- Add **--ar 2:3** (Midjourney) for T-shirt prints, and **--ar 16:9** for YouTube thumbnails/banners.
 - For stickers, always add: *die-cut sticker, white border, transparent background*.
 - Upscale final selects before sending to print-on-demand or channel art.
 - Keep a swipe file of your best outputs — this is what future paid bundles on Getdigitals.in can expand into.
